

# L-BAR SEALERS

---

## *WH Series* *W-350L, W-500L, & W-650L*

The **WH SERIES** is designed for shrink-wrap packaging. One step cuts and seals the film up to 26" wide depending on the model of the sealer. All sealers are steel constructed for quality and durability. They are equipped with an electronic timer to control the sealing time. All L-Bar sealers have a film roller, twin perforating hole punch, film separator, & work table.

### STANDARD FEATURES:

- All metal construction in an ivory color
- Impulse sealing with a plug-in electronic timer
- Built-in electrical outlet for the heat gun
- Adjustable height work table for sealing packages of different heights.
- Upright heat gun holder
- Manufacturer's replacement kit includes 3 elements.
